

## SAHRIS OBJECT PDF REPORT

**Object Code:** JL-X-3

**Quantity:** 1.00

**Cultural Association:**

**Maker:**

**Production Place:**

### **Description:**

Spoon-shaped objects with rounded finial and handle end. This end has a hole through it. The finial has numerous small metal pins projecting from it in closely spaced lines. The back of the finial is decorated with pokerwork dots. The handle is covered with alternating bands of wire - some twisted and some straight.
