

SAHRIS OBJECT PDF REPORT

Object Code: IMPFOSSIL-ONDERKAROO-
CASEID 13725

Quantity: 29.00

Cultural Association:

Maker:

Production Place:

Description:

I am applying for a temporary export permit to send 34 small slabs containing insect fossils with my Ph.D student Mr Ben Kirkaldy, to Germany for study at the Stuttgart Museum (Stuttgart) with research collaborator Dr Arnold Staniczek. We lack the local expertise in South Africa to adequately study the morphology and taxonomy of these specimens, and would like Ben to study the fossils with world renowned mayfly and stonefly expert Dr Staniczek.
