

## SAHRIS OBJECT PDF REPORT

**Object Code:** UB0089/3

**Quantity:** 2.00

**Cultural Association:**

**Maker:**

**Production Place:** South Africa

### **Description:**

Benches with wooden seat. Backs of the benches are framed panel construction with moulded arched movement. Some benches have a centre carved motif of scalloped acanthe leaves with garland and the initials VSA and date CMMX (1910). The armrests have moulded semi-arched shaped movement and benches stand on eight or four square legs. Middle four legs have a simple straight stretcher connecting the back legs with the front legs.
